- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Art Unit: 2833

1. The disclosure is objected to because on line 4 of paragraph 18 it appears that "direction, heat" should be -direction. Heat-. The examiner appreciates the changes that have previously been made to this paragraph.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1, 3 and 4 remain rejected under 35 U.S.C. 102(b) as being anticipated by Bakermans, et al. This connector comprises an insulative housing forming a slot 42 between side walls. Each sidewall defines passageways (between the vertical portions of barriers 18, at left side of Fig. 1) for electrical contacts 14b, and recesses between the passageways and the outer face of the sidewalls (between the horizontal portions of barriers 18, at the right side of Fig. 1). Contrary to applicant's assertions, these recesses **do** extend outwardly toward, and terminate at the outer face of the sidewall.

4. Claims 10-15 are allowable.

Claims 5-9 remain objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
